COMING TO NEW LEVEL BROADCASTING

I have said many times new things are coming to New Level Broadcasting starting in April many of these new things will be coming, New Level Broadcasting covers the event no one covers and brings people to the game/event

Watch for the following:

- Shows
- Community Events
- Festival/Fair Coverage
- More High School sports coverage
- Professional Sports Coverage
- Harness Racing Coverage

New Level Broadcasting will be the only company to bring you many of the events listed above, this will not happen overnight, the goal is to have all of these events on the air by the fall.
